

JBMI Group Ltd

Health, Safety and Environmental Policy Statement

JBMI Group and its subsidiaries is committed to effective Health, Safety and Environmental Management and recognises that its activities, products and services have the potential to impact on the Health & Safety of people including employees and contractors as well as the wider Environment.

The Managing Director will make available sufficient resources to ensure:

- The prevention of injury, ill health and pollution;
- Compliance as a minimum with all legislation and other requirements to which the Group subscribes that relate to its Health and Safety Hazards and Environmental Aspects;
- Continual improvement of Health, Safety and Environmental management and performance through having effective processes to identify areas of weakness and setting of objectives and targets for improvement.

Miles Brough

Managing Director
